

August, 2018

Dear Parents:

My staff and I are excited to begin serving school meals to your children, thanks to the newly announced partnership between Keystone Foodservice and Sharon Mutual Public Schools. We are honored to work in this community and would like you to know a little more about our company and its mission.

Keystone Foodservice focuses on providing freshly prepared breakfast and lunch options for the students it serves. We are the only public K12 child nutrition provider operating in Oklahoma that is actually located and based in Oklahoma. Our headquarters are in Stillwater and we serve approximately 40,000 students daily in more than 110 Oklahoma school districts.

Being Oklahomans, we are committed and focused on ensuring Oklahoma school children are provided quality and healthy school meal options every school day. We look forward to partnering with the staff in your kitchen to help provide them with ingredients, recipes, and support that will give them the tools to build upon their efforts.

EVERY school lunch will include a full salad bar, stocked daily with fresh vegetables and fruit choices, and every lunch entrée will include healthy side items, such as fresh vegetables. Delicious, yet also nutritious lunch entrees will include such dishes as homemade chicken enchiladas, pineapple glazed ham, and freshly made lasagna and pizzas.

We know children who eat balanced and nutritious meals do better in school, and research clearly shows that. We take our role in helping your students achieve at the highest levels very seriously. Should you ever have questions or concerns about our meals, please do not hesitate to reach out to me personally.

We are proud to be working with Sharon Mutual Public Schools and look forward to a great year serving your children and this great community!

Sincerely,

 - Regional Manager
Keystone Foodservice
